3) RISK AWARENESS

Trading on any financial market involves a significant level of risk and you should not risk more than you are prepared to lose. Before deciding to trade, you need to ensure that you understand the risks involved considering your investment objectives and level of experience. Please be

aware then that the contents of our Website(s) or other distributed materials are neither a solicitation, nor an offer to enter into any transactions on the financial market(s). The contents of our Website(s) and of any communications you may receive from us, via Electronic Messaging, website postings, e-mail, telephone or otherwise, and any part of any area on our Website(s), in particular, are for general information and educational purposes only and do not amount to investment advice or unsolicited financial promotions to you.

Past performance is not indicative of future results, as returns may vary according to market conditions. Trading in complex financial products, such as Stocks, Futures, Foreign Exchange ("Forex"), Indices, Options, or other financial derivatives, on "margin" is speculative and may involve the loss of principal; therefore, funds placed under management should be risk capital funds that if lost will not significantly affect one's personal financial well-being. No representation is being made that participating in a managed account or portfolio management program will necessarily lead to profit. Investors may incur into a series of consecutive losses and substantial equity-drawdowns that can deplete their funds before the occurrence of any meaningful profit accumulation.

Please do read the "**General Risk Disclosure**", the "**Privacy Policy**", the "**Conflicts of Interest Management Policy**", the "**Money Laundering & Terrorist Financing Prevention Policy**", the "**Client Agreement – Terms and Conditions of Business**" and the "**Order Execution Policy**", when available, as well as these Portfolio Management Terms and Conditions and any additional documents, information and/or other legal notices and statements (forming part of the Agreement or otherwise) posted on our Website(s), before accessing and/or using our Services and/or Website(s).

8) CLIENT CATEGORIZATION UNDER MIFID II

Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on Markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (the “Markets in Financial Instruments Directive 2014/65/EU”) or “**MIFID II**”, as amended, (hereinafter referred to as the “Markets in Financial Instruments Directive” or “MiFID II”) establishes a client categorization/classification regime in three (3) categories intended to reflect both customers’ level of knowledge and experience in the financial markets and their ability to understand and take on the risks arising from their investment decisions, in order to adapt protective measures to the particularities of each category of investor. In compliance with such requirements imposed under “MiFID II”, we categorize/classify our clients in three (3) main categories (note that **categorization criteria can be changed as applicable laws are amended**):

Eligible Counterpart(y)ies (“ECP(s)”): An “Eligible Counterparty” is any of the following entities to which an investment firm provides the services of reception and transmission of orders on behalf of Clients and/or execution of such orders and/or dealing on own account: Cyprus Investment Firm, other investment firms from other Member States, credit institutions, insurance companies, UCITS and their management companies, Portfolio Investment Companies, pension funds and their management companies and other financial institutions authorized by a Member State or regulated under Community from the application of the Investment Services and Activities and Regulated Markets Law 87(l) of 2017, national governments and their corresponding offices, including public bodies that deal with public debt, central banks and supranational organizations.

Professional clients: A “Professional Client” is a Client who possesses the experience, knowledge and expertise to make his own investment decisions and properly assess the risks that he incurs. In order to be considered a professional Client, a Client must comply with one of the following criteria:

a. Entities which are required to be authorised or regulated to operate in the financial markets.

The list below should be understood as including all authorised entities carrying out the characteristic activities of the entities mentioned: entities authorised by a Member State under the above Directive, entities authorised or regulated by a Member State without reference to the above Directive, and entities authorised or regulated by a non-Member State:

- Credit Institutions;
- Investment Firms;
- Other Authorised or regulated financial institutions;
- Insurance Companies;
- Collective Investment Schemes and management companies of such schemes;
- Pension funds and management companies of such funds;
- Commodities and commodity derivatives dealers;
- Locals;
- Other Institutional Investors (like Portfolio Investment Companies).

b. Large undertakings meeting two of the following size requirements on a company basis:

- balance sheet total: EUR 20.000.000,-;
- net turnover: EUR 40.000.000,-;
- own funds: EUR 2.000.000,-.

c. National and regional governments, public bodies that manage public debt, Central Banks, international and supranational institutions such as the World Bank, the IMF, the ECB, the EIB and other similar international organisations.

d. Other institutional investors whose main activity is to invest in financial instruments, including entities dedicated to the securitisation of assets or other financing transactions.

Retail clients: a category that includes clients not falling within the “Eligible Counterparty”/“Professional Client” categories, who are deemed to have less investment knowledge and experience; they receive the maximum level of protection provide for by “MiFID II” both in carrying out the tests and in the scope of the pre- and post-contractual documentation and information that must be made available to them; this category includes the majority of individuals;

We will notify each client in writing as appropriate of the categorization/classification assigned. Any such categorization/classification, as well as any notification thereof, will be valid and will apply to all Accounts held by such client with us. Please note that you shall be treated as a “Retail Client”, unless we shall classify or reclassify you as a “Professional Client” or an “Eligible Counterparty”, depending on the information that you shall provide when completing the registration process or thereafter.

9) RIGHT TO REQUEST CHANGES TO THE MiFID II CLASSIFICATION ASSIGNED

We offer our clients the possibility to request re-categorization and thus to increase or decrease the level of regulatory protection afforded. Where a client requests a different categorization (either on an overall level or on a product level), the client needs to meet certain specified quantitative and qualitative criteria. On the basis of the client’s request, we undertake an adequate assessment of the expertise, experience and knowledge of the client to give reasonable assurance, in the light of the nature of transactions or services envisaged that the client is capable of making his/her own investment decisions and understanding the risks involved. However, if the above-mentioned criteria are not met, we reserve the right to choose whether to provide services under the requested categorization.

To request a change in client categorization, you will need to hand in the special form for this request, duly completed and signed. This form is available to you and can be downloaded from our Online Trading Facility as part of the Account Opening Application Form(s), which you need to complete to open an Account with us.

Acceptance of the request by us will depend on your compliance at all times with established legal and regulatory requirements for making the change effective, as follows:

A. Retail Clients

A “Retail Client” has the right to request a different classification as a “Professional Client”, but he/she will be afforded a lower level of protection. The Company is not obliged to deal with him/her under a different classification.

Tests and Criteria: The Company is allowed to treat any of the retail Clients as professionals provided that the relevant criteria and procedures mentioned below are met. Any waiver of the protection afforded by the standard conduct of business regime will be effected only if an adequate assessment of the expertise, experience and knowledge of the Client, undertaken by the Company, gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the Client is capable of making his own investment decisions and fully understands the risks involved.

The fitness test applied to managers and directors of entities licensed in the financial sector under MiFID II could be regarded as an example of the assessment of expertise and knowledge. In the case of small entities, the person subject to the above assessment should be the person authorised to carry out transactions on behalf of the entity.

In the course of the above assessment, as a minimum, two (2) of the following criteria should be satisfied (the criteria can be changes as applicable laws are amended):

- a. the Client has carried out transactions, in significant size, on the relevant market at an average frequency of 10 per quarter over the previous four quarters;
- b. the size of the Client's Financial Instruments portfolio, defined as including cash deposits and Financial Instruments exceeds EUR 500.000,-;

c. the Client works or has worked in the financial sector for at least one (1) year in a professional position, which requires knowledge of the transactions or services envisaged.

Procedure: Retail Clients may waive the benefit of the detailed rules of conduct applicable to them only where the following procedure is followed:

- a. they must state in writing to the Company that they wish to be treated as a “Professional Client”, either generally or in respect of a particular investment service or transaction, or type of transaction or product;
- b. the Company will give them a clear written warning of the protections and investor compensation rights they may lose;
- c. they must state in writing, in a separate document, that they are aware of the consequences of losing such protections and accept them;
- d. before deciding to accept any request for waiver, the Company is required to take all reasonable steps to ensure that the Client requesting to be treated as a “Professional Client” meets the relevant tests and criteria above.

B. Professional Clients

A “Professional Client” has the right to request a different classification as a “Retail Client” in order to obtain a higher level of protection.

It is the responsibility of the Client, initially considered to be a “Professional Client”, to ask for a higher level of protection when it deems it is unable to properly assess or manage the risks involved. This higher level of protection will be provided when a Client, who is considered to be a “Professional Client”, enters into a written agreement with the Company to the effect that it shall not be treated as a “Professional Client” for the purposes of the applicable conduct of business regime. Such agreement will specify whether this applies to one or more particular services or transactions, or to one or more types of products or transactions.

C. Eligible Counterparties

An “Eligible Counterparty” has the right to request a different classification either as a “Professional Client” or as a “Retail Client” in order to obtain a higher level of protection. According to the Investment Services and Activities and Regulated Markets Law, the Company is not obliged to deal with the Client on this basis.

Based on any of the above-mentioned requests for change, we will in each instance notify you, as appropriate, of the new classification assigned; any such new categorization/classification, as well as any notification thereof, will be valid and will apply to all Accounts held by you with us.

10) CLIENT CATEGORISATION CHANGES

Eligible Counterparties & Professional Clients have an obligation to inform us of any change that could affect their categorization. If no such information is received from you, we will consider that you continue to meet the conditions to be categorized as an Eligible Counterparty or, as the case may be, a Professional Client.

11) LEGAL RESTRICTIONS

Without limiting any of the foregoing, our Portfolio Management Services are not available where it is illegal to use them, and we reserve the right to refuse, decline and/or cancel our Portfolio

Management Services and/or any part thereof, at our sole discretion and for any reason, at any time, without being obliged to provide you with any explanation or justification.

The fact that we are providing Portfolio Management Services does not constitute, and may not be used for the purposes of, an offer and/or solicitation to anyone in any jurisdiction in which the providing of Portfolio Management Services, and the related dealing in financial Instruments, is not authorized, and/or to any Person to whom it is unlawful to make such an offer and/or solicitation. IMPORTANT NOTE: WE RESERVE THE RIGHT TO IMPOSE ADDITIONAL REQUIREMENTS OR PRE-CONDITIONS TO ACCEPT CLIENTS RESIDING IN OR FROM SPECIFIC COUNTRIES AT ANY TIME AND AT OUR SOLE AND EXCLUSIVE DISCRETION, WITHOUT BEING OBLIGED TO PROVIDE ANY EXPLANATION OR JUSTIFICATION.

Where any of the words "purchase" and/or "sale" and/or "buy" and/or "sell" appear in these Portfolio Management Terms and Conditions, unless the context otherwise requires, they will be read and construed as technical terms only, as these Portfolio Management Terms and Conditions does not necessarily envisage the transfer of title to any Financial Instruments ("delivery") traded hereunder.

Whenever reference is made in these Portfolio Management Terms and Conditions to "we" or "us" or "our", such reference shall be deemed to include, where appropriate, unless the context requires otherwise, to our directors, officers, shareholders, partners, members, employees, Agents, Third Party Service Providers, Representatives and/or Affiliates (together our "**Associates**").

Words and phrases defined in the "**CySEC Rules**" shall have the same meaning in these Portfolio Management Terms and Conditions, unless expressly defined otherwise in these Portfolio Management Terms and Conditions and/or unless the context requires otherwise. If there is any conflict and/or discrepancy between words and phrases defined in the "CySEC Rules" and any such words and phrases defined in these Portfolio Management Terms and Conditions, the meaning attributed to such words and phrases in these Portfolio Management Terms and Conditions shall prevail.

We must also be advised of any limit imposed on the amount of any one transaction or a series of related transactions; or the absolute value of any one investment held in your Portfolio; or the percentage value that one investment or class of investments may form of your Portfolio. In the absence of any such instructions, it is accepted that no such restrictions have been imposed.

Scope of Portfolio Management Services: The Portfolio Management Services we provide to you under these Portfolio Management Terms and Conditions are described in your Client Profile and represent **Discretionary Portfolio Management Services**.

Amendments of you Client Profile: You agree to let us know in writing if you want to change our instructions and to advise us of material changes to the information provided to us concerning your personal and financial circumstances which might reasonably be considered to affect our assessment of the suitability of investments held by, or to be purchased for, you. Any such changes to the investment objectives or any instructions, as to which changes you and we have agreed in writing, will be considered amendments or supplements to your Client Profile.

In particular, orders will be placed on the basis that that Person will be responsible for executing the transaction and that we will not be responsible for the execution of the Order (provided that we have complied with any applicable best execution obligations in our selection of that

Person) or for any default of that Person in connection with the execution. Such other Person may not be authorized under the Act, in which case the regulatory regime applying, including any compensation arrangements, may in some or all respects be different from that of Cyprus.

All investment advice given by us to you and all transactions effected at our discretion will be subject to the investment restrictions and objectives set out in your Client Profile.

We may require you to enter into an additional or supplementary agreement before providing any additional service to you.

You understand and agree that we do not provide any tax, accounting or legal advice to you. We will observe all investment limits or restrictions provided in your Client Profile. Except as expressly provided in these Portfolio Management Terms and Conditions or your Client Profile there are, however, no limits or restrictions on:

- the amount of the consideration that may be involved in any transaction (or class of transaction) which we enter into with or for you; or
- the markets on which such transactions may be effected.

19) ORDER EXECUTION POLICY

Our Order Execution Policy provides information about how we obtain the best possible result when carrying out orders for Retail and Professional Clients. The Policy summarizes our principles, duties and responsibilities, and how we act to obtain the best possible result when carrying out your Orders. Our Order Execution Policy applies to “Retail Clients” and “Professional Clients”. Therefore, if we classify you as an “Eligible Counterparty”, our Order Execution Policy does not apply to you.

Furthermore, Clients may give a specific execution instruction on any part of an Order or on the way in which an Order is to be carried out. Specific instructions can relate, for instance, to the execution venue or to limit orders. When we carry out an Order according to a Client’s instruction, Best Execution will be deemed to have been delivered with regards to the specifically instructed element of the Order. For the aspects not governed by the specific Client instruction, we will follow the relevant provisions of our Order Execution policy. Unless a Client expressly gives instructions to have an Order carried out in a particular way, we will follow our Order Execution Policy. Any specific Client instruction on an Order may prevent us from obtaining Best Execution on some or all other aspects of that Order.

Our Order Execution Policy forms part of these Portfolio Management Terms and Conditions and is incorporated herein by reference. Accordingly, (a) by completing and/or submitting to us the Account documentation and forms (hereinafter referred to as the “**Account Opening Application Form(s)**”) and/or (b) by clicking in the appropriate space, or on the “I Accept” button, or similar buttons or links as may be designated by us to show your approval and acceptance of these Portfolio Management Terms and Conditions, you are also agreeing to the terms of our Order Execution Policy in the framework of the Portfolio Management Services we may be providing to you.

20) ARRANGEMENTS WITH AGENTS

We may arrange to effect transactions on your behalf with or through the agency of another person with whom we have a soft commission agreement or other arrangement

Should such an arrangement (agreement) be put in place, the CySEC Rules provide, and we undertake, that:

such agreements do not impair compliance with our duty to act in your best interest;

all such transactions will secure “best execution” for you in accordance with the provisions of Section 19 of these Portfolio Management Terms and Conditions;

the only benefits to be provided under the agreement are assets or services which are related to the execution of trades or comprise the provision of research which can reasonably be expected to assist in the provision of investment services to our customers and which are in fact so used; and

periodic disclosure of the facts will be made to you and further details will be disclosed to you on request.

21) PLACING ORDERS ON YOUR BEHALF

In accordance with the provisions of Section 20 above, we may delegate the execution of orders on your behalf to third party agents, which may include the Custodian or any of their sub-custodians (“Dealing Agents”). We have a duty to act in accordance with your best interests when we place an order with or transmit an order to any Dealing Agent to buy or sell securities on your behalf. When passing orders for execution to a broker outside the European Economic Area (“EEA”), you should note that brokerage standards in such markets may not be equivalent to those in the EEA. In markets outside the EEA, we will take reasonable care to identify that the brokers used provide an appropriate quality of execution in the context of the arrangements available in the market in question.

When we place orders relating to investments with Dealing Agents, we shall (except to the extent that we are following a specific instruction from you) owe you a duty to take all reasonable steps to obtain the best possible result for you.

When we make a decision to trade or when we place orders on your behalf, we will act in accordance with our Order Execution Policy as amended from time to time. We will transmit your order to the Dealing Agent for execution.

Any Dealing Agent may combine your orders with orders of other customers. Combining your orders with those of other Customers may result in you obtaining on some occasions a more favourable price and, on others, a less favorable price than if your order had been executed separately.

We will not be liable to you for any loss or expense you suffer if we or any Dealing Agent are unable to carry out any instructions for whatever reason (other than as a result of our or any Dealing Agent's negligence, fraud or willful default) or where there is a delay (including a delay caused by differences in time zones and other factors particular to a given market, exchange or issuer) or change in market conditions before the relevant transaction is completed.

As part of these Portfolio Management Terms and Conditions coming into effect you consent to our Order Execution Policy **and, where applicable, authorise us to execute deals on your behalf outside of a regulated market or Multilateral /Organised Trading Facility.**

22) SETTLEMENT OF TRANSACTIONS

You are responsible for settlement of each transaction executed on your behalf by us or a Dealing Agent, whether by payment of the purchase price, delivery of the relevant assets, or otherwise as the relevant market requires. The Custodian will do this on your behalf in accordance with the Custody Agreement.

Except as agreed with us, you must pay for any investments that we or any Dealing Agent purchase on your behalf on or before the settlement time. All payments must be made in immediately available funds to the bank account designated by us or the Dealing Agent. Your payment must be made without set-off, counterclaim or deduction. If you make any withholding or deduction, you must pay additional amounts to ensure that the Dealing Agent (as appropriate) receives the full amount due without any withholding or deduction. If you fail to pay for your transaction in the manner described above, you will be responsible for all the losses, expenses or other costs incurred by us and/or the Dealing Agent in relation to that transaction as a result of your failure.

Where we or any Dealing Agent settle a transaction or transactions without receiving the required amounts necessary for settlement from you (an “**Unfunded Transaction**”), we or the Dealing Agent shall be entitled to close out the Unfunded Transaction at the earliest time practicable. If the Unfunded Transaction results in a Loss to us or the Dealing Agent, you shall promptly pay such amount to us or any Dealing Agent, and you will be required to reimburse us or the Dealing Agent for such Loss.

Delivery or payment by the other party to any transaction placed or executed will be your responsibility and at your risk. The Custodian's obligation to deliver assets to you or to account to you or any other person on your behalf for the proceeds of sale of any assets is conditional on the Custodian's receipt of the relevant assets or sale proceeds from the other party to the transaction. You must make any payment and/or deliver any cash or other assets on or before the due date:

- to maintain or supplement any deposit or margin in respect of any transaction entered into between us or by us for you (or by any Dealing Agent on our behalf) under these Portfolio Management Terms and Conditions; and

- to meet any other call for further funds made under the terms of any investment made for you or agreed between us against foreign exchange fluctuations.

Please note neither we, nor the Custodian nor any Dealing Agent will be responsible, and will not compensate you, in the event that counterparty fails to settle a transaction.

Where we properly instruct the Custodian to effect a transaction, and the Custodian fails to effect the transaction in a timely manner, the Custodian shall, subject to the limitations of its liability under the Custody Agreement, return the Account to the same position as if the trade had been effected at the correct time and the Custodian shall be entitled to retain any profit as a result of such correction.

There may be circumstances beyond the Custodian or a Dealing Agent's control which means that it is not possible to settle transactions into which you have entered or which have been entered

into on your behalf. This may occur, for example, where the counterparty to the transaction defaults on its obligations e.g. because it has become insolvent. If this occurs, we will use our reasonable endeavours to request the relevant Dealing Agent to settle the trade for you. However, there may be circumstances in which settlement will be impossible. For example, if the trade is subject to the rules of an exchange or market then both the Dealing Agent and we will have to act in compliance with those rules. Where the trade has to be settled through a settlement system this may also mean that there is a significant delay in settlement or that settlement does not occur. You will remain liable for your obligations in relation to the transaction until settlement or other conclusion of the transaction occurs.

Where the circumstances described above arise, we will notify you of the problem as soon as reasonably practicable and we will discuss with you the options (if any) available to you for settlement.

We, the Custodian and/or any Dealing Agent may arrange for the deduction of any amount required to discharge your obligations or to compensate us, the Custodian or the Dealing Agent for any Losses incurred from your Account.

The settlement conventions in certain markets which apply to the holding of assets or settlement of transactions for you may result in a delay before proceeds of sale are received for you, or title to a security passes to you

23) YOUR ACCOUNTS

ACCOUNT OPENING

For the purpose of the transactions described herein, we will facilitate the opening and operation of: (a) one or more Client accounts on our books, to be denominated in a currency determined by you, in which all transactions performed by us under and/or pursuant to these Portfolio Management Terms and Conditions will be recorded; and (b) one or more omnibus accounts, opened and operated by us in a banking institution (or any other financial institution) designated by us in our sole discretion, in which all Client Money, margin collateral and/or cash collateral funds will be deposited, and you hereby authorize us, at any time during the term of these Portfolio Management Terms and Conditions, to open one or more such accounts (each, an “**Account**”) on your behalf.

We reserve the right to establish segregated Client Accounts with any financial institution whom we deem to be of suitable standing and credit worthiness, should the need arise.

By opening the Account (or where your Account is already open) you agree to us appointing Custodians, nominees and other agents, including Affiliates, on your behalf to act as custodian of the Portfolio (the “**Custodian**”) in accordance with these Portfolio Management Terms and

Conditions. For the purposes of hereof, references to the “**Custodian**” may be one and the same entity and may include ourselves, as well as companies and Affiliates related to us, nominees and such other parties appointed by the (including, without limitation, by ourselves) to provide such other sub-custodial or execution services from time to time.

In the event we decide to appoint an external Custodian, we will notify you of the identity of the Custodian from time to time. We will undertake an appropriate risk assessment, and will exercise reasonable skill and care in the selection of any external Custodian. However, we will not be liable for the default, negligence, fraud, criminal act or insolvency of any Custodian, save where the Custodian is an Affiliate.

We are entitled to assume that information provided to us by you is accurate and to rely on any such information and we will not be liable to you for any adverse consequences of relying on such information where such information has changed or becomes inaccurate unless you have informed us of the relevant change or inaccuracy. We shall be entitled to rely on information in order to assess the suitability or appropriateness of any proposed transaction, where we are required by the CySEC Rules to make such assessment.

Where appropriate you may have the opportunity to withdraw your application for a particular investment held through your Account where, under the CySEC Rules, cancellation rights apply. In such circumstances, you will either be notified of or will be sent a notice of your right to cancel.

You shall designate a base currency for each of your Accounts, which shall be US Dollar or any other currency determined and/or stated in advance in the terms agreed upon by mutual consent of the Parties ("**Base Currency**").

All payments from or your Account(s) will be made on your request in the Base Currency of the Account. No instructions to pay a third party from your Account(s) will be accepted by us, unless otherwise determined and/or stated in advance in the terms agreed upon by mutual consent of the Parties.

During the term these Portfolio Management Terms and Conditions are in effect, all your Accounts will be managed exclusively by us and for the execution of operations related to the present Agreement, namely payment of operations related to the performance of our Portfolio Management Services hereunder, transfers for payment of commissions, taxes or fees, levies and other charges owed by you.

We may have omnibus accounts in several financial institutions, national or foreign, and if necessary can have sub-custodians. In case of foreign institutions, your protection may be affected.

In particular, without in any way limiting the foregoing, you authorize us, until you give us notice otherwise:

- to pay and to debit to the relevant Account all checks (cheques), bills of exchange, promissory notes or other orders or instructions authorizing payment drawn, accepted or made by you in connection with any such Account notwithstanding that any such debiting may cause the relevant Account to be overdrawn or any overdraft to be increased, but without prejudice to our right at any time in our absolute discretion to refuse to allow any overdraft or increase of any overdraft;

without in any way limiting the foregoing:

- to carry out instructions countermanning payment of checks (cheques), bills of exchange, promissory notes or instructions authorizing payment when such instructions are given by you; and

to employ agents or contractors in connection with any services described in these Portfolio Management Terms and Conditions as we see fit.

We will account to you for any transaction effected on your behalf by crediting or debiting payments and deliveries to your Accounts or any third party holding money or providing custody services to you.

Subject to you discharging all of your Liabilities and otherwise as mentioned herein, we will upon your instructions deliver Investments to you or to your reasonable order and/or, as the case may be, make a wire transfer of the cash balances on your Account, in each case, at your risk.

In relation to any specific transaction or dealing, our obligation to make any payment arising from such transaction or dealing shall only be to make payment in the currency that we have previously agreed with you.

We are not obliged to settle transactions or account to you unless and until we (or our settlement agents) have received all necessary documents or money.

Our obligations to deliver Investments to you or to your order or to account to you for the proceeds of the disposal of Investments are conditional on the prior receipt by us of appropriate documents or money from the other party to the transaction.

We may purchase or borrow investments to cover any liability of you to deliver investments pursuant to transactions with or through we and you will reimburse we for any losses and expenses we suffer in this way.

We shall be entitled at any time to close any of your Accounts and to demand immediate payment of all sums due or owing to we whether present or future, actual or contingent and ascertained or unascertained.

We shall be entitled to deduct from the monies held in your Accounts or from any interest payable to you or otherwise to debit to your Accounts any Tax which we are required to deduct or withhold. Whilst the sum in question may be invested by us at our discretion and we may utilise investments of every type including without limitation, securities, funds, unit trusts, bonds, money market instruments, swaps, options, futures, deposits or foreign currencies, we will, however, construct your Portfolio utilising a specific range of investments depending upon the value of your Portfolio, unless an alternative basis has been agreed upon in writing with you.

WITHDRAWALS

You shall be entitled to make withdrawals from your Portfolio provided that:

such withdrawals shall be for the minimum sum for withdrawals specified for the type of Portfolio and Base Currency chosen by you; and

We shall account to you by direct transfer to an Account held in the Client's name. We reserve the right to decline requests to effect third party payments on your behalf.

Communications between us, may be by letter, facsimile transmission, e-mail, or by telephone or other verbal communication with our authorised personnel and you hereby consent to such forms of communication. However, you accept that we will not be responsible for any delay in responding to instructions via e-mail or facsimile and you agree to indemnify us for any losses we incur as a result of reliance on such instructions. We may in good faith rely upon, and you will be bound by, any instruction which purports to be, or originates from, a person authorised by you to give such instructions.

All written communications from us to you will be sent to your address held on our records in accordance with these Portfolio Management Terms and Conditions.

It is your obligation to let us know should your postal address, facsimile, e-mail address or telephone number change and we accept no liability as a result of any failure on your part to notify us of any change.

Telephone conversations between us may be tape-recorded and such records are and will remain our sole property and will be conclusive evidence of any orders or instructions given by you.

We may at any time and without liability on our part refuse to act upon, execute or otherwise implement any instruction or request without giving any reason, provided that such refusal is notified to you.

We will not be responsible for sending confirmation of any transactions executed on your behalf.

All communications between you and us should (unless stated otherwise in these Portfolio Management Terms and Conditions) be conducted in the English Language and in writing (unless otherwise permitted in these Portfolio Management Terms and Conditions) and, when directed to us, sent to our official address posted on our Website(s) or any other address as we may notify you from time to time.

Delivery to your agent will be deemed good delivery to you and, in respect of a Joint Account delivery to any one of you will be deemed good delivery to both or all of you.

Where we ask you to respond to a communication within a certain time frame we shall not be responsible for the consequences of our acts or omissions that result from your failure to respond in a timely manner.

All notices to us, including changes to your name and/or home address (which must be notified promptly) (not by electronic mail) and sent or delivered to our official address posted on our Website(s) or any other address as we may notify you from time to time. All notices that we send or deliver to you in physical form will be sent or delivered to the latest address that we are advised of by you.

You must also provide us with any information concerning your identity and your affairs, including any supporting documentation, which we may reasonably request from you from time to time and which we believe are necessary for us to meet our legal and regulatory obligations.

You expressly authorise us to rely on any communication that we reasonably believe as being made by you or given on your behalf. We will not be liable to you for any Loss arising from us relying on any such communication if it subsequently becomes clear that any such communication was not made by you or given on your behalf.

We may at our discretion decline to act upon any communication from you or given on your behalf and we will not be responsible to you for any loss as a result from any act or omission. We shall notify you promptly of any such decision. For example, we may exercise this discretion where a communication is unclear or where we suspect fraud.

Where you have provided in writing, and we have accepted, authority for us to receive and act upon instructions from your agent, we may continue to receive and act upon such instructions until we receive written notice from you to the contrary. Delivery to your agent will be deemed good delivery to you and, in respect of a Joint Account, delivery to any one of you will be deemed good delivery to both or all of you.

25) STATEMENTS, VALUATIONS AND REPORTS

We shall provide you on a regular basis with statements comprising details of all investment transactions undertaken by us on your behalf, together with a valuation of and report on the Portfolio (the “**Valuation Report**”), showing the value of your Portfolio at the beginning and end of the reporting period, full details of changes in the investments held in the Portfolio during the reporting period, and the investments held at the end of the reporting period. Each report will include a statement of the basis of valuation. In respect of the first periodic valuation report to be provided after the initial valuation, this will be for the period from the Effective Date until the start of the next periodic reporting period.

Valuation Reports will be sent to you within 25 Business Days of each Valuation Date, unless you advise us in writing that you wish to receive such Valuation Reports less frequently. Where appropriate this will constitute the initial valuation. Depending on the service we provide, a charge may be made for this.

At each Valuation Date, the Securities in your Custody Account will be valued on the following basis:

- bonds and equities will be valued by reference to the previous day's closing price where available. In the case of bonds, the value will include any accrued interest;

- collective investments by reference to their closing bid price or single closing bid price as at the valuation date;

if we can ascertain no current market value it will be stated that we do not have a value.

Where we are providing you with Discretionary Portfolio Management Services, you may request that you are provided with a Valuation Statement every month.

If you advise us that you either do not wish to receive a Valuation Report at all, or wishes to receive a Valuation Report less frequently than annually, then we will, in any event, prepare a Valuation Report and retain it in custody for you with your records.

We will send such valuations to your email address provided in your Client questionnaire or any subsequent email address you notify to us in writing.

The net asset value of your Portfolio shall be determined by us in good faith on a daily basis, at the close of business on the last Business Day of each day. For purposes of determining value, securities and other instruments traded on a market for which actual transaction prices are publicly reported shall be valued at the last reported sale price on the principal market in which they are traded (or, if there shall be no sales on such date, then at the mean between the closing bid and asked prices on such date), other readily marketable securities and other instruments shall be priced using a pricing service or through quotations from one or more dealers, and all other Assets shall be valued at fair value by us, in which case our determination shall be conclusive.

We can also provide information about the status of any pending order, on request.

Where we provide “Discretionary Portfolio Management Services” to you, you will not be provided with confirmation statements on a transaction-by-transaction basis detailing each order dealt on your behalf. However, you may write to us to elect to receive such confirmation statements.

We can also provide information about the status of any pending order, on request.

The Statements sent to you under this clause will show the dates on which we expect funds to be available to you. The clearing systems of some countries may cause a different value date or credit date to be used in practice. Your Statements may show transactions that have not been settled, but neither we nor the Custodian are required to include unsettled transactions in your statements.

We recommend that you check the Statements and valuations regularly. If there is an entry which you believe may be an error, we advise that you contact us as soon as possible to enable us to investigate the matter.

We will keep records of all business transactions for at least five (5) years. You have the right to inspect copies of any documentation or computer records relating to the transactions in your Portfolio and/or Account(s), which may be subject to a small administrative fee.

For avoidance of doubt, any contract or confirmation notes that we may receive with respect to transactions in your Portfolio and/or Account(s) will be received and kept in custody for you by us and will not be provided to you (such information will be consolidated into the said Valuation Report).

Conflicts may arise in the allocation of investment opportunities among Accounts that we advise. We will seek to allocate investment opportunities believed appropriate for your Account and other Accounts advised by us among such accounts equitably and consistent with the best interests of all accounts involved. But, there can be no assurance that a particular investment opportunity that comes to our attention will be allocated in any particular manner. If we obtain material, non-public information about a security or its issuer that we may not lawfully use or disclose, we will have no obligation to disclose the information to you or use it for your benefit.

In that regard, you understand, acknowledge and agree that we are not obligated to buy, sell or recommend for you any security or other investment that we or our Associates may buy, sell or recommend for any other Client or for our or our Associates' own account. Our Conflicts of Interest Policy is a policy only, it is NOT part of these Portfolio Management Terms and Conditions and is not intended to impose or seek to impose any obligations on us which we would not otherwise have, but for the applicable law.

By accepting these Portfolio Management Terms and Conditions, however, you expressly acknowledge and agree that we may transact such business without prior reference to any potential specific Conflict of Interest. You agree that neither we, nor any person connected with us, owes any duty to disclose to you or use for your benefit any fact, matter or thing which comes to our attention or to the attention of any person connected with us, or of our employees, directors, agents or any other person so connected, in the course of providing investment services to others or in the event that such disclosure or use would be a breach of duty or confidence to any other person.

32) RISK WARNINGS

SECURITIES AND DERIVATIVES RISK WARNING

You have been informed of the risks involved in investing in securities, and acknowledges that the high level of risks of trading futures, options, and other derivatives. In particular, you have been informed about the high level of leverage of derivatives, which can be translated to high profits or substantial losses that can exceed the initial investment. You should not deal in derivatives, nor instruct us to invest in derivatives on your behalf, unless you understand the nature of the contract you are entering into and the extent of the exposure to risk. You should also be satisfied that the contract is suitable for you in the light of your circumstances and financial position. Whilst derivative instruments can be utilised for the management of investment risk some investments are unsuitable for many investors. Different instruments involve different levels of exposure to risk, and in deciding whether to trade in such instruments you should be aware of the risks involved. Leveraged products carry a high degree of risk for your capital, and in some circumstances you may be liable for a greater sum than your initial capital

invested. Under the discretionary terms of this arrangement, margin payments will be made automatically on your behalf out of the funds available in your account.

Past performance is not indicative of future results, as returns may vary according to market conditions. Trading in complex financial products, such as Stocks, Futures, Indices, Options, or other financial derivatives, on “margin” is speculative and may involve the loss of principal; therefore, funds placed under management should be risk capital funds that if lost will not significantly affect one’s personal financial wellbeing. No representation is being made that participating in a managed account or portfolio management program will necessarily lead to profit. Investors may incur into a series of consecutive losses and substantial equity-draw-downs that can deplete their funds before the occurrence of any meaningful profit accumulation

RISK WARNING PERTAINING TO OUR INVESTMENT STRATEGIES

In regard to the above, you should be aware that our investment programs involve a risk of loss that Clients should be prepared to bear. Because we rely primarily on model signals in making our trading decisions, Clients and prospective Clients should be forewarned that the model may trigger frequent trading signals for any of our investment strategies which can result in substantial mark-ups, commissions and/or other transaction fees.

Furthermore, you should be aware that our currency trading will primarily take place in the over the counter spot, forward and options market. Such currency contracts, unlike stocks and foreign currency futures contracts, are not traded on exchanges and are not standardized. The foreign currency market consists of an informal network of banks and dealers. Banks and dealers act as principals in these markets, negotiating each transaction on an individual basis. Although the foreign exchange activities of commercial banks are subject to regulation and supervision of the various bank regulatory authorities, the forward, options and “cash” or “spot” currency markets are largely unregulated.

In addition, unlike the regulated exchange markets, there are generally no limitations on daily price movements. While these markets are large and highly liquid, the principals who deal in the currency markets are not required to continue to make markets in the currencies they trade, and these markets can experience periods of illiquidity, sometimes of significant duration. Disruptions in any currency market may occur due to unusually high trading volume, political interventions or other factors. There have been periods during which certain banks and dealers have refused to quote prices or have quoted prices with an unusually wide spread between the bid and asked price.

You should also be aware that hedge funds are unregistered private investment funds or pools that represent speculative investments and involve a high degree of risk. An investor could lose all or a substantial portion of her/his investment. Investors must have the financial ability, sophistication/experience and willingness to bear the risks of an investment in a hedge fund. Hedge funds may be leveraged (including highly leveraged) and a hedge fund’s performance may be volatile.

Certain of our investment programs will be used to acquire leveraged trading positions. As a result, relatively small price movements may result in substantial losses to the Assets allocated to such investment programs. While investment in such investment programs does offer the potential of high returns, it also involves a correspondingly high degree of risk and is only considered appropriate for sophisticated or professional investors who can afford the risks associated with trading in currencies and fixed income derivatives.

NO PERFORMANCE GUARANTEE(S)

In line with the foregoing, you acknowledge and agree that we cannot guarantee the future performance of your Account, promise any specific level of performance or promise that our investment decisions, strategies or overall management of your Account will be successful. The investment decisions we will make for you are subject to various market, currency, economic, political and business risks, and will not necessarily be profitable. Accordingly, we make no representation, warranty or guarantee as to the performance of the Portfolio. You acknowledge and confirm that the terms of these Portfolio Management Terms and Conditions do not constitute any warranty or similar obligation on our part and that we do not guarantee or assure you of the value of or returns on the Assets in any manner whatsoever. You are aware that the value of the Assets under Discretionary Portfolio Management could depreciate to an unpredictable extent.

We will manage the Portfolio, subject to the provisions of these Portfolio Management Terms and Conditions, in accordance with its usual business practice and will not be liable for any loss resulting from any decline in value of the Portfolio, the exercise of any of our rights and discretions or the performance of any of our duties hereunder, any error or judgement or error of fact or, except only in the case of our own wilful default or neglect.

We shall not be liable for the acts or defaults of any agent, Broker, Custodian or nominee engaged in connection with these Portfolio Management Terms and Conditions unless it can be shown that we failed to exercise due care in the selection thereof or for any act or omission or any loss arising by reason of any cause beyond our reasonable control.

We shall not be responsible for or liable to investigate the creditworthiness or status of any issuer, guarantor, exchange, broker or other person liable in respect of any Authorized Investment, the validity or binding effect thereof or of any related document or any similar matter.

Except as may otherwise be provided by law, we will not be liable to you for any loss (i) that you may suffer as a result of our good faith decisions or actions where we exercise the degree of care, skill, prudence and diligence under the circumstances that a prudent person acting in a fiduciary capacity would use in the conduct of an enterprise of a like character and with like aims; (ii) caused by following your instructions; or (iii) caused by the Custodian, any broker or dealer to which we direct transactions for your account or by any other third person.

You may have the right to inspect information we hold regarding you and your Portfolio. When you choose to exercise this right we may charge an administration fee of up to the legal maximum from time to time. You should let us know if you wish to exercise this right.

37) VERIFICATION AGAINST ELECTRONIC RECORDS

We, along with most other CySEC regulated businesses, subscribe to electronic data services to enable us to use electoral roll, credit reference agency, sanctions lists and other data as part of our verification process.

You hereby authorise us to make searches about you at credit reference agencies and other such services, who will supply us with credit information as well as other information from specialized electronic databases. You understand that we and associated companies may use the records, searches and any other information provided to the agencies if credit decisions are to be made about you, or other members of your household. This information may also be used for debt tracing and the prevention of money laundering as well as the management of the account. The agencies will record details of the search.

38) TELEPHONE CALLS AND VISITS

To help us manage and administer your Portfolio properly (and for other purposes relevant to our investment services) our representatives or employees may occasionally call you on the telephone without clearing this with you first. Telephone calls will be made during the hours of 9AM to 9PM in your country of residence, from Monday to Friday.

Your telephone calls with us may be recorded for your protection and/or quality control and monitoring purposes. Any visits will be made during normal business hours and by prior arrangement.

39) INVESTOR COMPENSATION SCHEME

We are a member of the Investor Compensation Fund for Clients of Cypriot Investment Firms (CIFs) and other Investment Firms (IFs) which are not credit institutions (the "Fund"). The object of the Fund is to secure the claims of the Clients of regulated Investment Firms against the members of the Fund through the payment of compensation, in cases where the Investment firm is unable, due to its financial circumstances, and when no realistic prospect of improvement of such circumstances in the near future seems possible: (a) to return to its Clients funds owed to them or funds which belong to them but are, directly or indirectly, held by the Investment Firm in the context of providing investment services to the said Clients, or

(b) to hand over to such Clients the financial instruments which belong to them and by which the Investment Firm holds, manages or keeps on their account, including the case where the Investment Firm is responsible for the administrative management of the said financial instruments.

The payment of compensation by the Fund to the Clients of its members is subject to the existence of a well-founded claim by such Client(s) against the Investment Firm, arising from the investment services provided by the Investment Firm to the Client in question. The protection scheme is only available to certain types of claimants and claims. Payments to eligible claimants under the Scheme will vary depending on the type of protected claim (e.g. deposits or investments) the claimants hold with respect to the relevant institution

The Fund initiates the compensation payment procedure when at least one of the following preconditions is fulfilled: (a) the Cyprus Securities and Exchange Commission has determined that the Company is unable to meet such of its duties as arise from its Clients' claims in connection with the covered investment services or the ancillary services it has provided, as long as such inability is directly related to its financial circumstances in respect of which no realistic prospect of improvement in the near future seems foreseeable, or (b) the Court has, on reasonable grounds directly related to the financial circumstances of the Investment Firm, issued a ruling which has the effect of suspending the Investors' ability to lodge claims against the Investment Firm.

Upon issuance of a decision by the Court or the Cyprus Securities and Exchange Commission, on the commencement of the compensation payment process, the Fund publishes in at least three newspapers of national coverage, an invitation to the Clients of the Investment Firm to make their claims against the Investment Firm, designating the procedure for the submission of the relevant applications, the deadline for their submission and their content.

To ascertain the claims of a claimant against the Investment Firm, as well as any counterclaims of the Investment Firm against the claimant, the books kept and the particulars issued by the Investment Firm as well as the supporting evidence produced by the claimant are taken into consideration. The amount of the compensation payable to each Client is calculated in accordance with the legal and contractual terms governing the relation of the Client with the Investment Firm, subject to the set of rules applied for the calculation of the claims between the Client and the Investment Firm. The valuation of the Financial Instruments pertaining to the compensation payable to the Client in accordance with the above paragraph will be carried out based on their value at the day of the publication of the Court ruling or the publication of the decision of the Cyprus Securities and Exchange Commission. The calculation of the payable compensation will be derived from the sum of the total established claims of the Client against the Investment Firm, arising from the Services provided by the Investment Firm and regardless of the number of accounts of which it is beneficiary, the currency and place of offering the investment services.

Payments under the Scheme in respect of investments are subject to a maximum payment to any eligible investor of EUR 20.000,-; insofar as the amount of the claim exceeds the amount of EUR 20.000,- the claimant will be only entitled to receive a maximum amount equivalent to EUR 20.000,-.
